

REMARKS

The above amendment to the specification has been made in response to the *Ex parte Quayle* action mailed on November 14, 2008.

In the outstanding *Ex parte Quayle* action, the Examiner has stated that the disclosure is objected to because of informalities, i.e., part of the specification is inconsistent with both the drawings and claims.

Applicants have amended the specification as above to conform to the drawings and claims, more specifically to be consistent with the embodiments illustrated in Figures 5 and 6 of this application. It is therefore respectfully requested that this application be allowed and a Notice of Allowance issued. Otherwise, Applicants authorize the Examiner to further amend the specification to conform to the drawings and claims as originally filed.

If the Examiner believes that a telephone conference with Applicants' attorneys would be advantageous to the disposition of this case, the Examiner is cordially requested to telephone the undersigned.

In the event the Commissioner of Patents and Trademarks deems additional fees to be due in connection with this application, Applicants' attorney hereby authorizes that such fee be charged to Deposit Account No. 06-1130.

Respectfully submitted,

CANTOR COLBURN LLP
